

PUJOLS FAMILY FOUNDATION BATTER UP COOKING PROGRAM

FROZEN PB&J DOG TREATS

¼ cup strawberries (fresh or frozen)

¼ cup blueberries (fresh or frozen)

1/3 cup natural, unsweetened peanut butter
(Make sure your PB doesn't contain sugar substitute called xylitol, which is toxic to dogs)

1. Combine the strawberries and blueberries in a blender and blend to a smoothie-like consistency. (You may need to add a tablespoon or two of water to get it thin enough.)
2. Spoon the berry mixture into ice cube trays, filling each cavity halfway. (For bonus cute points, use a silicone mold with paw print or dog bone shaped cavities. Ingredient measurements may vary depending on the size of the tray.)
3. Fill each ice cube tray the rest of the way with peanut butter.
4. Freeze for at least 2 hours, pop the treats out of the tray and let your pup enjoy!
5. You can store extra treats in freezer safe food containers in layers separated by wax or parchment paper.
